Jones, W. M., and D. P. Hendricks. 2002. Ecological inventory of wetland sites in the Thompson-Fisher conservation easement. Report to the Montana Department of Fish, Wildlife & Parks. Montana Natural Heritage Program, Helena, MT.

## **INTRODUCTION**

The Montana Natural Heritage Program, in cooperation with the Montana Department of Fish, Wildlife & Parks (FWP), has completed a survey of wetlands on Plum Creek Timber Company (PCTC) land in the Thompson and Fisher River drainages of northwestern Montana (Figure 1). This inventory documents the condition of wetland and riparian resources on a conservation easement that the Department is acquiring from PCTC and will help FWP identify wetlands of high ecological value.
